

7.1.2: Response

The Institution has facilities and initiatives for the following

Sr. No	Description
5. Disabled-friendly, barrier free environment	
	<ul style="list-style-type: none">✓ Ramp Facility for Disabled Staff/Students✓ Toilet Facility for Disabled Staff/Students,✓ Wheel Chair✓ Elevator

To create a disabled-friendly and barrier-free environment, institution has established ramp facilities across our premises to provide ease of access for disabled staff and students. In addition, institution features specially designed toilet facilities that cater to the needs of individuals with disabilities.

Recognizing the importance of mobility assistance, we have made wheelchairs available within our premises. These wheelchairs are readily accessible and can be utilized by individuals who require them to move around comfortably.

Furthermore, we have actively improved accessibility by installing an elevator. This elevator now serves as a vital feature, enabling vertical movement for individuals who may have difficulty using stairs.

By combining these efforts, we are striving to eliminate physical barriers and promote a disabled-friendly environment that empowers all members of our community to engage and interact with equal opportunities.
