End date 03/06/2023

Status: 95%  
(Percentile completion)

Summary

The day aims at developing a culture of cycling for basic transportation, commutation and strengthening physical and mental health and lowering global warming.

About the process

We sent invitation letter to students and college faculty with permission of principal sir.

By taking concern of ,students and faculty we display the notice to students regarding conduction of world bicycle day.

On the day of activity, we circulate the attendance among students and take photograph of the activity.

HOD GSE dept & Academic dean take the oral feedback from the student regarding content of the world bicycle day activity and the students are satisfied

Outcome

It gives information about how cycling is useful to students.Riding your bicycle regularly is one of the best ways to reduce your risk of health problems associated with a sedentary lifestyle. Cycling is a healthy, low-impact exercise that can be enjoyed by people of all ages, from young children to older adults. It is also fun, cheap and good for the environment.

Points to observe

How Students stay healthy by using bicycle and how environment is clean and clear.
