## CHAPTER 5

### FACULTY DEVELOPMENT & WELFARE

#### MEASURES 5.1: FACULTY DEVELOPMENT

##### : Higher Studies.

The faculty can be granted study leave for higher studies in the fields of specialization desirable as decided by the management / Principal at institutions like IITs and IISCs, and other institutions of repute. The said facility is limited to one faculty member per department every year. However this number can be increased at the discretion of the management / Principal. In this connection following guidelines will be followed:

- 1) Preference will be given to those opting for doctoral programs, followed by Master's degree and second master's degree on execution of a bond to the effect that he/she shall serve the college for a period of 3 years after awarding the Ph.D. Degree & after completion of masters program.
- 2) In case the sponsored faculty fails to successfully complete the said program he/she would have to refund the expenses incurred by the college due to sponsoring the faculty for such a program.

##### : Seminars/ workshops/Conferences

Selected staff members are sponsored by the management for seminars workshops and conferences while meeting the expenses towards delegation fee for the first time and also treating the period of absence as "ON DUTY".

The faculties are being deputed to short term/orientation courses during vacation or non- vacation days without hindrance to the academic work; preference will be given to those, who have to fulfill the requirements of rules stipulated for Career Advancement.

The period of absence is treated as "ON DUTY" during the period of attending the courses.

Applicant Name - Dr. Rutikesh Pandit Gurav.

Subject - Application for getting expenditure of research work.

Respected sir,

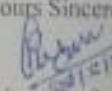

Myself Dr. Rutikesh Pandit Gurav currently, I working as 'Assistant Professor' in our Dr. D. Y. Patil Pratishthan's College of Engineering, Salokhenagar, Kolhapur. As mentioned above I expended 8,500/- rupees for cytotoxicity cell culture study ( **MTT Assay - anti-cancer cell study**) in our research article which is published in Applied Organometallic Chemistry, journal Wiley, Wiley publishing house, having impact factor = 4.10, (scopus journal) . My contribution in this research articles is as an Investigation and Formal analysis (Cytotoxicity study). Total expenditure of this research articles is around 40,000/- rupees for compound characterization, nanoparticles synthesis characterization and MTT Assay - anti-cancer cell study.

So, I am applying here to get my expenses 8,500/- rupees. I have attached the receipt of this expense of cytotoxicity anti-cancer cell study with this application. I request you to do this needful.

The ongoing work describes the catalytic evaluation of  $\gamma\text{-Fe}_2\text{O}_3\text{@Ag-S-CH}_2\text{-COOH}$  magnetic nanoparticles utilizing  $\gamma\text{-Fe}_2\text{O}_3$  obtained from waste iron rust for one-pot synthesis of 2,3-dihydroquinazolin-4(1*H*)-ones. As-prepared  $\gamma\text{-Fe}_2\text{O}_3\text{@Ag-S-CH}_2\text{-COOH}$  nanoparticles were characterized by Fourier transform infrared spectroscopy (FT-IR), X-ray diffraction (XRD), scanning electron microscopy (SEM), energy-dispersive X-ray spectroscopy (EDX), dynamic light scattering (DLS), transmission electron microscopy (TEM), X-ray photoelectron spectroscopy (XPS), and Brunauer–Emmett–Teller (BET) technique. The catalytic performance of greener  $\gamma\text{-Fe}_2\text{O}_3\text{@Ag-S-CH}_2\text{-COOH}$  nanoparticles was utilized in the synthesis of 2,3-dihydroquinazolin-4(1*H*)-ones. The excellent catalytic performance was shown by magnetic nanoparticles in addition to its ease of separation by an external magnet and can be recycled for five consecutive turns without significant loss of catalytic activity. Furthermore, the synthesized 2,3-dihydroquinazolin-4(1*H*)-ones were confirmed by FT-IR, <sup>1</sup>H, <sup>13</sup>C nuclear magnetic resonance (NMR), and mass spectrometry. Moreover, the synthesized 2,3-dihydroquinazolin-4(1*H*)-ones were evaluated for their anti-cancer efficiency against the human skin cancer cell line B16F10 along with molecular docking investigation.

## KEYWORDS

2,3-dihydroquinazolin-4(1*H*)-ones, anti-skin cancer activity, molecular docking study, retrievable catalyst,  $\gamma\text{-Fe}_2\text{O}_3\text{@Ag-S-CH}_2\text{-COOH}$  nanocatalyst

## 1 | INTRODUCTION

One important symbol of green chemistry is utilizing cost-effective synthetic precursors, catalysts, and solvents to push toward more sustainable chemical transformations. The heterogeneous catalysts are being used more frequently in organic synthesis because of their affordability and reusability.<sup>1</sup> Iron corrosion raises severe

problems like economic growth, environmental pollution, and safety. However, current technologies are neither efficient to obstruct corrosion completely nor effective in the recycling of waste iron rust. Iron corrosion is a typical process that lowers the iron grade.<sup>2</sup> It is challenging to recycle rust iron into value-added commodities and expensive to obtain the desirable qualities of recovered iron.

## Transforming the Mechanical Engineering Industry with Intellectual Internet of Things: A Review of its Benefits and Potential Challenges

✓ -Shivaleela Arlimatti<sup>1</sup>, Suresh D. Mane<sup>2</sup> and Ganesh Rathod<sup>3</sup>

### Abstract

*The Intellectual Internet of Things (IIoT) is causing a significant transformation in industries worldwide, including the mechanical industry. This paper delves into the topic and provides a comprehensive review of the benefits and challenges associated with this game-changing technology. By connecting devices, machines, and systems, the Internet of Things (IoT) is revolutionizing the way mechanical systems are designed, built, and maintained. The benefits of IIoT are numerous, including increased efficiency, reduced downtime, enhanced safety, and improved customer satisfaction. These benefits are leading to a more sustainable, efficient, and innovative future for the mechanical industry. However, challenges remain, such as data security, privacy concerns, and the need for new skills and expertise. We explore these challenges in the context of the mechanical engineering industry (MEI) and highlight the unique considerations that must be addressed. We also provide examples of the various applications of IIoT in the MEI, such as predictive maintenance, smart manufacturing, autonomous vehicles, smart logistics, and industrial robotics. The paper also offers a comprehensive overview of the benefits and challenges associated with IIoT in the MEI, collaboration between industry leaders, policymakers, and researchers is vital to ensure responsible and ethical*

Subject: Financial assistance to attend **ISTE faculty convention 2023.**

Respected Sir,

I am Ganesh S Jadhav from Civil engineering department; I have received ISTE Best Active E-Educator Award 2022. As per the announcement by ISTE, distribution ceremony is scheduled in ISTE Maharashtra-Goa Section Annual Faculty Convention be held on March, 04<sup>th</sup> 2023 at Priyadarshini College of Engineering, Nagpur. Awardees are cordially invited to attend the function. So I am looking forward to attending the function and receive the award in person. So I would like to request college to give some financial assistance to me for attending the same function. The result of ISTE Maharashtra-Goa Section Awards 2022 is attached along with the application.

Thanking you,

Yours faithfully

Subject: Support for the financial assistance for Research Project (Patent publishing and Granting)

Respected Sir,

I am Prof. Ramesh S Vishwakarma working as a Assistant Professor, Mechanical Department in our college. From last three years I am working on the research project on " A low density low temperature thermocline thermal energy storage tank " along with Dr. Anindita Roy, Dr. Dadasaheb Shendage and Dr. Makarand Mohankumar . Now we are going to file the patent on above research project in Utility patent (PCT Mode) which cost is around 52,950/- Rs approximately. For this Patent filing I am contributing the money 7000 Rs/- only. So I request you to sanction the fund for the same, along with this letter application I attached the patent filing application.

In future I assure you that I will continue my research work in recent sustainable technology which is helpful for our society.

Thank You,

Dear Sir/Madam,  
You are cordially invited to participate in two day international interdisciplinary conference being organized by the college on 19<sup>th</sup> & 20<sup>th</sup> December, 2019.

**About Rayat Shikshan Sanstha, Satara**  
Our parent institute, the Rayat Shikshan Sanstha is Asia's one of the largest and leading educational institutes established in 1919 by the great visionary educationalist Late Padmabhusan Dr. Karmveer Bhosale Patil. It is spread in 15 districts of the State of Maharashtra and Karnataka. 'Eam whis you learn' is the gift given by respected founder to education system of the world. Since the day of inception, the sanstha has worked especially in the rural area towards upliftment of socially and economically deprived people through education. The sanstha is working with the network of 675 branches including 41 colleges, 438 high schools and pre-primary schools, 8 hostels, 8 ashramshalas, 2 ITI, etc. It provides education to over 4.5 lakh students through the workforce of 16000 employees.

**About Dahiwadi College Dahiwadi**  
Dahiwadi College Dahiwadi is established in the year 1965. It is run by Rayat Shikshan Sanstha to provide quality education to deprived strata of the society. The college is situated 65 km east from Satara in drought prone area having rainfall below 500 mm. The college runs various UG courses such as B.A., B. Sc., B. Com., BCA, B. Voc, PG in Organic Chemistry & M. Phil and Ph.D. in Chemistry & Botany of Shivaji University, Kolhapur. The college runs 22 skill development courses in collaboration with BOSCH, Jain Irrigation, FALI, BVG Group, Rayat Skill Foundation, MSSDS, MKVY, DDUKVY, Mahatma Gandhi Research Foundation, National Museum Center, Hyderabad, Mandesh Tarang Varhni, Karmveer Vidya Prabodhini, etc. The college has also well-developed competitive guidance centre, rich central library with internet facility, Karmveer Krishi Prabodhini and eco-friendly WAF campus.

**About the Conference**  
Discrimination is one of the few most consistent policies in human societies. It's a prejudiced treatment by one group or class to the other group or classes. Discrimination is an umbrella term that

includes age, caste, color, ethnicity, gender identity, nationality, race, sex, religion and even marital status. Discriminatory traditions and ideas exist in all institutions and all countries of the world. The present multidisciplinary international conference aims to analyze the literary responses to the discrimination in human society with special focus on caste, religion and gender related discriminatory ideas and practices.

The conference would provide opportunity to the research scholars from various universities to interact with the authorities on the topic from different continents. The conference would overview the different shades of discrimination and the literary response to it by the creative minds of all ages and societies.

**Sub themes of the International Conference:**  
**ENGLISH:** • Feminist Literature • Cast Literature  
• Patriarchy and male domination • Racism in literature • Casteism and Untouchability  
• Issues of LGBTQ • Response to reservation policy • Religious Influences • Literature of Minority
