## FEES AND LIVING COSTS

The fees for this programme are currently set at £23400 for the Academic year 2021-22. A full list of up-to-date fees can be found [here](#).

This offer is made on the understanding that you qualify as an Overseas student for fees purposes. If you have any questions about your eligibility to pay international fees please contact our [Fees Assessment Officers](#).

We estimate that a single person will need a minimum of £9,207 per year to cover the cost of living on an annual basis. If you are planning to bring your family with you then your living costs will increase. You can find out more about maintenance amounts on our [website](#).

## UNIVERSITY INFORMATION

Deciding where to study and choosing the right course for you is a big decision. The summary below will direct you to the most relevant sections of our website and provide you with information about your programme and studying with us.

Unless you are notified otherwise directly by your department of an earlier start date, the academic year will start on-campus on **Monday, 27 September** with welcome activities ahead of this from 20 - 24 September. You should make every effort to arrive on campus in time to complete any required period of quarantine or isolation ahead of this date.

For those who may struggle to arrive by this date please see further information on our website on our [start dates](#).

## STUDY COSTS

We want to try and help you prepare for the day-to-day costs of studying. These might include things like photocopying in the library, buying textbooks and specialist equipment or going on field classes. We have put together tables of additional costs for each subject area, including where departments make contributions towards these costs. They are only a guide but should help you with your budgeting. These tables are available [here](#).

## SCHOLARSHIPS

The University of Liverpool is keen to attract the brightest postgraduate students from across the world, regardless of their financial background. For this reason we offer a number of generous scholarships. The amount awarded for each scholarship can vary, however it would usually cover part of your tuition fee.

Please see our [website](#) for information about scholarships.

## VISAS

Please note that you will need to meet the requirements set by the UK authorities in connection with obtaining a visa for studying in the UK. You can find more information on the UK Visas and Immigration [website](#).

If you are applying for a Student Visa you will be required to pay an [immigration health surcharge](#). All students who apply for a visa will be subject to an additional £470 surcharge per year. This will allow those holding a Student Visa to access the UK's National Health Service (NHS) facilities and receive most treatment for free.

Further pre-arrival advice, including details of your Confirmation of Acceptance of Studies (CAS) number, will be sent to you once you have received an unconditional offer.

Students may wish to consider applying for a visa via the priority service or super priority service to ensure that you can arrive in time for the start of your programme. More details on these services are available on the UK Visas and Immigration [website](#).

## ORIGINAL DOCUMENTS

The University requires international applicants to provide original academic documents which verify completion of your qualifications. We are required by UK Visas and Immigration (UKVI) to check these documents. Documents will be checked and verified when you register at the University in September. For further information please visit our [website](#).

## DISCONTINUED PROGRAMMES AND MODIFICATIONS TO PROGRAMMES

Whilst the University makes every effort to be able to provide the programmes that it has advertised, there are sometimes occasions when we are unable to offer a programme in an academic year. Where this is the case and we have applicants who are holding an offer for the programme or who have deferred their entry for the programme from a previous year, we will do everything we can to offer them a place on an alternative programme.

In some cases, the University may continue to offer a programme, but its content or title may be significantly different from the description of the programme in the University's materials. Where this is the case, we will contact offer holders to let them know that significant changes have occurred. If the modifications mean that the original programme no longer meets their needs, we will do everything we can to offer a place on an alternative programme.

We really hope we have met your expectations so far, and that we continue to do so, but if you are unhappy with your experience there is information about our appeals and complaints policy [here](#).
