OUR PRESENCE:

Customers in states of :

- Maharashtra
- Karnataka
- Goa
- Rajasthan
- Madhya Pradesh
- Chhattisgarh
- Punjab
- West Bengal
- Uttar Pradesh
- Assam

OUR SOFTWARE PRODUCTS & SERVICES

Some of the other software products and services provided by our company is been listed below. Our technical experts shall ascertain complete installation of the software and recommend optimized Software and Hardware configuration. Our tests of experts will ensure that the system is fully operational by working in sync with end-user, functional expert and any such authority recommended by the management.

- ✓ **College/School Management System** : It is a complete Cloud ERP software developed with MVC technology for managing Colleges/Schools. The software consists of various modules catering to all departments of the institute.
- ✓ **Digital Language Lab** : It helps to improve oral and communication skill in English. Excellent study material used in our Digital language Lab software and at par with international standards. Using the lab student can improve the command over their language, gain confidence and get ready for real world challenges like facing interviews, doing presentation, expressing thoughts, etc.
- ✓ **Library Management System** : A unique state of Art Library Management software is developed which will help Librarian to keep complete track of books, Periodicals, Journals, Book Bank etc. using Bar Code System. Software is capable of maintaining multiple registers like junior, senior, university, UGC etc. Maintain Book Bank, Periodicals, Journals, CD's, Videos, Tapes etc.
- ✓ **Student Tracking System** : The technology provides benefits like Marking the attendance of students automatically as soon as they enter school campus, send Automatic SMS to parents at entry/exit from school building, Increase the brand image of the school, helps provide Students Safety measures.
- ✓ **Mobile Application** : A Mobile Application is a software application developed specifically for use on small, wireless computing devices, such as smart phones and tablets, rather than desktop or laptop. Parents can download this App on their mobile and at a glance get all information about their child's progress, events happening in college/school, new initiatives taken by institute. It will help to increase word of mouth and publicity of your institute in the area. And hence increase admissions to your college/school.
- ✓ **Website Development & SEO (Search Engine Optimization)** : We provide both static as well as dynamic website developing. We have in-house team of graphic designers, flash animators and presentation developers. We provide SEO services so that website can be displayed in top ranking on search engines like Google.
- ✓ **Face Recognition / Fingerprint based Time & Attendance System** : The system consist of Face/Finger print recognition hardware integrated with RFID card reader, Time and Attendance Software to get exact information about In timings and Out timings of employees, regular late coming reports, monthly musters, etc.
- ✓ **eLearning Solutions** : We provide eLearning solutions for Schools as well as Colleges & for various school boards & technical institutes like Engineering & Polytechnic. The material is offered in various media like Mobile apps, individual student & classroom teaching. The contents are prepared, evaluated & regularly updated.
- ✓ **Hospital Management System** : Our Hospital Management System Maintains and Administers all information about Hospital.
- ✓ **Milk production (Dudh Sangh) ERP software** : The software is an complete ERP system for a Milk processing and other by products manufacturing unit.

Notice

Institute Profile i.e. Fees Data Entry Submission and Approval Process for New Academic Year 22-23 has been Commenced from 11th Aug 2022. **New**

Application

Scrutiny

Allotment

Disbursement

The Government of Maharashtra has introduced the Direct Benefit Transfer (DBT) Service through which the beneficiaries can apply for benefit from Schemes of various departments such as 'Social Justice and Special Assistance', 'Tribal Development', 'Directorate of Higher Education', 'Directorate of Technical Education', 'School Education and Sports', 'VJNT,OBC and SBC Welfare', 'Directorate of Medical Education and Research', etc. This benefit is received directly into the Aadhaar linked bank account of the eligible beneficiaries.

- Step 1** Online Application - The Citizen applies for a benefit via Direct Benefit Transfer(DBT) Portal.
- Step 2** Scrutiny- The applications process for scrutiny.
- Step 3** Allotment - After Scrutiny sent for allotment.
- Step 4** Disbursement - At this stage benefit is received in aadhaar link bank account of respective beneficiary.

H. Safety and Security monitoring:-

4. Examination

Examination system is handled through ERP Software. Filling of examination forms, obtaining admit cards, uploading of marks etc. everything is done in online manner. Examination Cell of the institute monitors all internal and external examinations. The details of the e-Governance employed in the examination system are -

- A) **Internal Examination:** The examination forms are filled online through College Management System software. All the internal examination related work is carried out through this software. Every faculty gets login credentials. This helps to keep the data related to examination confidential and also saves the time.
- B) **External Examinations:** Affiliating University conducts the external examination in the University. The work related to this university examination is carried out through the University provided online system. The internal and external marks are uploaded and submitted online in University portal. University upload the theory question paper online Secured Remote Paper Delivery (SRPD) system developed by the university 02 hours before the start of examination. This question paper is downloaded by the Senior supervisors in very confidential manner and processes further.
- C) **Google Classroom:** This tool is used for Students assignment, class test, MCQ test, Notice, Syllabus and important notes circulation.
- D) **Google Spread Sheet:** For data collection from the Various Departments.
- E) **Online examinations:** During the COVID-19 pandemic, institute has conducted the online examinations through Google forms, Microsoft Teams etc.
- E) **Google forms:** To prepare Feedback forms and get online feedbacks of Students, Parents.

1. E-Governance in the field of the educational sector has changed the way of administration. With the data and processes model of an educational Institution, makes the process easy, well organized and error free. This is designed to make the system user-friendly, time saving and cost saving also. It helps in improving transparency, providing speedy information, dissemination, improving administrative efficiency and public service in all the aspects of education. The institution was successful in implementing the following services in this year.

Objectives:

2. Implementation of E-governance in various functioning of the institution
3. To make our Classrooms ICT Enabled having Desktops, Laptops, Projectors, etc
4. To Achieving paperless environment in institute.
5. Promoting transparency and accountability
6. Facilitate internal and external online communication between different organizations of the institution
7. Providing latest , easy and quick access of information
8. To maintain the Data on a secure environment.

Policy:

The college will implement e-governance in all aspects of functioning like library, accounts, admissions, administration, teaching, etc. The policy is designed and framed to make each and every function transparent and accountable. The College decides to make the following policies and procedure:

Area of Implementation:

1. Website & Social Media
2. Biometric Attendance software
3. Student Administration
4. Tally
5. Academics
6. Moodle
7. Library
8. Internal & External Examinations
9. Communication System
10. Finance & Accounts
11. Payment Systems

E-governance in following areas: For convenience purposes, the policy is divided into various areas of operation. These areas of operation are illustrative and the prathishthan's reserves the right to implement e-governance even in the areas not enlisted herewith.

1. **Website & Social Media:** Institution has a website to share the infrastructural, academics and placement information with its stakeholders. Results shall also be uploaded to the website directly . The university level. Important information and achievements will be published on social media.
2. **Biometric Attendance (E-CAP software):** As a part of computerization and

digitization of the activities of the Institute, Biometric system is for recording the attendance of the staff of the Institute. Accordingly, biometric instruments are installed in all departments of the Institute to enable the staff to register their attendance by recording their finger impression in the machines.

3. **Tally:** It is a computerized system for accounts. It is used to record financial activities of the institutions. It is a multipurpose software including inventory management and accounting.
4. **Student Administration:** Institution to process admissions for programs, transport etc. using a Suitable ERP Solution. Students also must be able to obtain transfer certificates, bonafied certificates, etc. on an online mode.
5. **Academics:** Institution to manage student academics using a suitable ERP Solution with Real time communication to parents with respect to Student Progress.
6. **Moodle:** THE MOODLE (Modular Object – Oriented Dynamic Learning Environment) is a free online Learning Management System (LMS). It is an interactive platform used to communicate information to students and support online interaction.
7. **Library KOHA , ID card generation and Book lending system:** The Library Automation Tool koha is adopted to automate various processes of the library. All the catalog data is computerized and book issue, return and renewal of books can be performed quickly and searching of documents through Online Public Access Catalogue (OPAC) which powerful tool of library auto mission. Access to e-journals & E- resources to be provided within the campus.
8. **Internal & External Examinations:** The examination system introduced automation software for pre & post Examination Modules with the following
 - Courses –curriculum-student
 - Application –fee Collection
 - Hall ticket –OMR/barcode
 - Online Marks filling
 - Results – Re-evaluation/supplementary Exam
 - Printing Result statement
 - Posting to Web Portal

Fee payment system helps to receive payments of registered examinations.

Semester question paper and Quiz are generated by a tool developed by in house faculty which generates the question paper with a random choice of questions from the bank.
9. **Communication:** Regular updates about student to be communicated with respect to Student on Fees, college updates & other academic matters through WhatsApp group.
10. **Finance & Accounts:** For ease of maintaining accounts & Finance suitable Accounting & Finance Software package to be implemented.
11. **Payments:** Parents & Staff to make payments using Debit/Credit Card & UPI Platforms.
