Action Taken report and analysis 2018-19

SL.No	Recommendation	Action Taken
01	Students were asked more practical sessions to be implemented.	Formal instructions were given in the department and suggested to teachers to give more attention towards practical sessions.
02	Enhancement of learning	Curriculum of civil engineering includes field visit and experimental learning.
03	Students were asked value added programs for curriculum.	Conducted value added programs successfully.
04	Freedom is given to adopt new technique /strategies of testing and assessment of students.	Properly planned for conducting CIE and industrial visits.
05	Employability & Cross cutting issues are reflected in curriculum	The System followed by the University for the Design and development of curriculum is very effective
06	Give more importance to Industrialvisits with respect to curriculum by Alumni.	Industrial visits are planned to the nearby industries.
07	Involve alumni in BOS and take their suggestions to refurbish the syllabus tofeed the needs of the real time job requirements	Suggestions from the alumni were considered and discussed with HOD and principal.
08	Parents were asked for more industrial visit and Placement training	Industrial visit report showed to the parents . Principal and HOD's were addressed regarding the placement.
09	Parents were suggested to create what's up group for monitoring their ward attendance and CIE marks.	Created what's up group for parent and updating with their ward activities every day.

Feedback Analysis and action taken report of institute on Curriculum and Ambience

The Feedback Analysis Committee of the institution designs and collects feedback from the students, Faculty, Alumni and Employees to enhance teaching and learning techniques since it has immediate impact on the process of acquiring knowledge. It assists all students in understanding subject matter and provides clear guidance so that students and other stakeholders will gain confidence, self awareness and enthusiasm for what they are teaching and learning. Students who offered feedback were from different constituents of the institute.

The feedback targets following different content for different stakeholders

- For teachers, the feedback addressed issues like Contemporary nature of the syllabus, suitability of syllabus for both slow and fast learners, sustainability of evaluation system adopted under syllabus, job readiness capability of syllabus, etc.
- For students, it addressed time and credit allotted to each course, completion of syllabus, the syllabus of course emphasizes the learning of job oriented skills, this feedback also considers other issues like delivery of curriculum by teachers.

- For Parents, it addressed quality of education, teaching methods, Extracurricular activities, campus amenities, Training Placement programmes of institute, industrial trainings and counselling facilities provided by Institution

- For alumni, use of syllabus in preparation of competitive exam, role of syllabus in improving the leadership and communication skills, scope of programme in sharpening personality etc.

Action Taken Report and Analysis 2020-21

Sl.No	Recommendation	Action Taken
01	It is good experience conducting online classes during covid period, we were capable to connect virtually with one another through Google meet, ZOOM meeting.	These online classes made us realize that education has changed drastically with the distinctive rise of e-learning, whereby teaching is undertaken remotely on digital platforms instead of physical classrooms.
02	We had identify the big difference between online and offline class conduction	We have accepted the change in teaching learning process and conducted online CIE and ESE by Google forms and Practical sessions by Virtual Labs by IIT's.
03	It has been observed that access to a wider range ofprograms and course offerings was possible because of Online classes which are without the high costs of maintaining physical classrooms.	It has been appreciated by Teaching staff,HoD's, Principal & Higher authorities
04	The use of ICT tools should be increased by teachers.	Freedom is given to adopt new techniques and ICT tools.

2019- 2020.

Sl. No	Recommendation	Action Taken
01	Students were asked for certificate courses for enriching the curriculum.	Conducted value added courses.
02	Students were asked for field work and industrial visits.	. Organized industrial visits.
03	Field oriented case studies should assign to the students for internal evaluation.	Faculties asked their Students to do the internships in industries which related to field work.
04	Rather than monotonous lectures, more interactive classes through problem-solving sessions, group discussions, quizzes, etc. would be appreciated more.	Faculties have been asked to conduct the lecture with more interactive sessions byorganizing quizzes after completion of unit.

Action Taken Report and Analysis 2020-21

Sl.No	Recommendation	Action Taken
01	Students were asked for certificate courses for enriching the curriculum	Conducted value added courses.
02	Students were asked for field work and industrial visits.	Organized industrial visits.
03	Field oriented case studies should assigned to the students for internal evaluation	Faculties asked their Students to do the internships in industries which were field oriented.
04	Alumni felt that there is a need to encourage weaker students along with the bright students.	It is made mandatory to conduct remedial classes for all students based on their performance in Unit Test

Feedback Analysis and action taken report of institute on Curriculum and Ambience

The Feedback Analysis Committee of the institution designs and collects feedback from the students, Faculty, Alumni and Employees to enhance teaching and learning techniques since it has immediate impact on the process of acquiring knowledge. It assists all students in understanding subject matter and provides clear guidance so that students and other stakeholders will gain confidence, self awareness and enthusiasm for what they are teaching and learning. Students who offered feedback were from different constituents of the institute.

The feedback targets following different content for different stakeholders

- For teachers, the feedback addressed issues like Contemporary nature of the syllabus, suitability of syllabus for both slow and fast learners, sustainability of evaluation system adopted under syllabus, job readiness capability of syllabus, etc.
- For students, it addressed time and credit allotted to each course, completion of syllabus, the syllabus of course emphasizes the learning of job oriented skills, this feedback also considers other issues like delivery of curriculum by teachers.

- For Parents, it addressed quality of education, teaching methods, Extracurricular activities, campus amenities, Training Placement programmes of institute, industrial trainings and counselling facilities provided by Institution

- For alumni, use of syllabus in preparation of competitive exam, role of syllabus in improving the leadership and communication skills, scope of programme in sharpening personality etc.

Feedback Analysis and action taken report of institute on Curriculum and Ambience

The Feedback Analysis Committee of the institution designs and collects feedback from the students, Faculty, Alumni and Employees to enhance teaching and learning techniques since it has immediate impact on the process of acquiring knowledge. It assists all students in understanding subject matter and provides clear guidance so that students and other stakeholders will gain confidence, self awareness and enthusiasm for what they are teaching and learning. Students who offered feedback were from different constituents of the institute.

The feedback targets following different content for different stakeholders

- For teachers, the feedback addressed issues like Contemporary nature of the syllabus, suitability of syllabus for both slow and fast learners, sustainability of evaluation system adopted under syllabus, job readiness capability of syllabus, etc.
- For students, it addressed time and credit allotted to each course, completion of syllabus, the syllabus of course emphasizes the learning of job oriented skills, this feedback also considers other issues like delivery of curriculum by teachers.

- For Parents, it addressed quality of education, teaching methods, Extracurricular activities, campus amenities, Training Placement programmes of institute, industrial trainings and counselling facilities provided by Institution

- For alumni, use of syllabus in preparation of competitive exam, role of syllabus in improving the leadership and communication skills, scope of programme in sharpening personality etc.

Feedback Analysis and action taken report of institute on Curriculum and Ambience

The Feedback Analysis Committee of the institution designs and collects feedback from the students, Faculty, Alumni and Employees to enhance teaching and learning techniques since it has immediate impact on the process of acquiring knowledge. It assists all students in understanding subject matter and provides clear guidance so that students and other stakeholders will gain confidence, self awareness and enthusiasm for what they are teaching and learning. Students who offered feedback were from different constituents of the institute.

The feedback targets following different content for different stakeholders

- For teachers, the feedback addressed issues like Contemporary nature of the syllabus, suitability of syllabus for both slow and fast learners, sustainability of evaluation system adopted under syllabus, job readiness capability of syllabus, etc.
- For students, it addressed time and credit allotted to each course, completion of syllabus, the syllabus of course emphasizes the learning of job oriented skills, this feedback also considers other issues like delivery of curriculum by teachers.

- For Parents, it addressed quality of education, teaching methods, Extracurricular activities, campus amenities, Training Placement programmes of institute, industrial trainings and counselling facilities provided by Institution

- For alumni, use of syllabus in preparation of competitive exam, role of syllabus in improving the leadership and communication skills, scope of programme in sharpening personality etc.
